East Africa Fly-in Safari

This safari has it all: the Great Rift Valley, the Maasai Mara, the Ngorongoro Crater and the neighbouring Serengeti plains. Perfect for couples or independent travelers seeking the best overview of East Africa's wildlife.

Charter and scheduled flights cut down traveling times to a minimum to ensure the maximum time can be spent exploring the lakes, plains and volcanic ranges which dominate this part of Africa.

We recommend the option of a professional naturalist guide to escort you in addition to local guides to explain the species, their habitat and eco-systems. Either way, this itinerary is a memorable experience.
